

# Capstans

Mooring Handling by Power

## **ANDERSEN Capstans®**

A new range of ANDERSEN Capstans® has been designed featuring the well recognized and unique ANDERSEN advantages, based on decades of winch production.

The ANDERSEN Capstans are all made in high polished stainless steel and alloy bronze which secure a long and trouble free life with a minimum need of maintenance. The well-known ANDERSEN Power Rib® grip is just one of many features which make the ANDERSEN Capstans a truly unique product.

The ANDERSEN Capstans comes with electric or hydraulic power and the range starts from medium sized Yachts up to Mega Yachts.
