

Iris® 100 Hand Bearing Compass

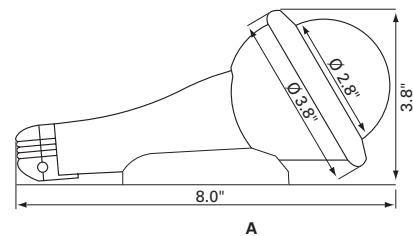

Includes padded carrying pouch, bracket and mounting screws.

NAVIGATION

Iris® 100 Hand Bearing Compass

- Can be installed at any inclination: vertical, horizontal, flat—even upside down
- Extra brackets are available for multiple mounting locations
- Shockproof, waterproof, floats
- Card remains horizontal whatever your position and is unaffected by heeling, shock and vibration
- Extremely legible cone-shaped card is graduated every 5°
- Double-reading card for direct and horizontal bearings
- Two mobile lubberlines (3 on Tactical)
- Expansion diaphragm prevents bubble formation in the liquid
- Soft rubber casing provides efficient protection against shocks
- Built-in lanyard for added security
- Models with longlife LED lighting operate on a standard 1.5V battery (not included)
- Includes padded carry pouch, sliding bracket and screws
- Weighs just 10.5oz (295g)

Iris® 50 Hand Bearing Compass

- Card remains stable whatever your position and is unaffected by heeling, shock and vibration
- Integral lanyard
- Extremely legible card is graduated every 1°
- Wide 20° field of view accommodates even the roughest sea conditions
- No parallax error; the prism projects the reading of the bearing to infinity
- No need to alternate close reading of the card and infinite reading of bearings
- Reads from above like a standard compass, or through the prism
- Soft bottom cell works like an expansion diaphragm to prevent bubble formation
- Built-in photoluminescent light is maintenance-free and operates without batteries or radioactive tritium
- Smooth, nonslip finish feels soft to the touch and protects against hard knocks
- Shockproof
- Waterproof
- Weighs just 3.8oz (105g)
