

## Taps and Faucets Features

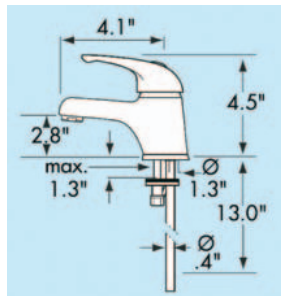

- Equipped with permanent ceramic washers for friction-free, drip-proof performance
- Exceptionally long service life
- Can withstand extremely high temperatures without damage

### Swivel 'n Fold Taps

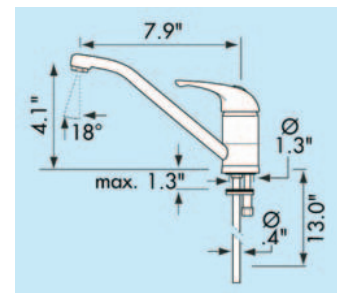

- When mounted inside the sink the spout can be folded down and out of the way when not in use, allowing you to convert your sink into a counter with the addition of a sink board
  - Two O-rings ensure watertightness and guarantee smooth and friction-free swiveling of the spout
  - Can also be mounted the traditional way—vertically in the counter behind the sink
  - Chrome-Plated Brass
- 39462** Swivel 'n Fold cold water faucet  
**39463** Swivel 'n Fold mixer tap
